

# Future skills for a better life in Sustainable Salons

## **STUDENT'S ACTIVITIES**

**IES EL PALO**

Erasmus+

# PROJECT GOALS

Student participation will take place at 3 work conferences and the sector conference.

3 major assignments:

- Pretesting the developed materials
- Developing the content and design of a magazine.
- Development of an awareness package for the hairdressers with stickers about the practical interpretation of the environment.

# MÁLAGA MEETING

## STUDENT ACTIVITIES AGENDA

WHEN	WERE	WHAT
May 11th. 9 am - 4 pm	IES El Palo	Guidelines for video. Cosmetic Workshop. Search for information
May 12th 9 am - 3 pm	Downtown Málaga	Visiting the enviromental advisory center. Awareness activity.
May 13th 9 am - 3 pm	IES El Palo	Editing video and presentation Writing/designing awareness tools for magazine.

# GREEN COSMETICS WORKSHOP

- Visit to the greenhouse and identification of the plants and their characteristics.
- Manufacture of dry shampoos by students.
- Search for information: Natural cosmetics suppliers in your area (km 0), analyze packaging, reuse or recycle them...
- Recording video.

# Downtown Málaga

## - VISITING THE ENVIROMENTAL ADVISORY CENTER

The Environmental Advisory Center of Málaga City is a public service aimed at companies to improve their environmental responsibility. Its main purpose is to provide free advice to the business fabric and achieve a new image of the municipality with the aim of placing it as a sustainable environmental benchmark within the European commercial area.

## - TESTING SUSTAINABLE SALON SCANNER IN HAIRDRESSING SALONS.

## - WRITING AN ARTICLE FOR THE MAGAZINE ABOUT THE ACTIVITY

CERTIFICACIÓN  
CALIDAD  
AMBIENTAL

Ayuntamiento  
de Málaga

Área de Medio Ambiente  
y Sostenibilidad

# VIDEO: OBTAINING THE MOST SUSTAINABLE COSMETIC EVER FOR YOUR SALON

After the research done on Wednesday, students will elaborate a descriptive video (max. 90 sec) about one of the following subjects:

- Raw materials,
- Manufacture,
- Transportation and suppliers,
- Packaging, marketing and sales.

# AWARENESS TOOLS FOR MAGAZINE

Students will write articles, draw comics or design creative awareness tools for the magazine, using the knowledge achieved.

## Other activities to be carried out:

- Defining stickers to be developed.
- Measuring our carbon foot print.
- Activity about sustainable entrepreneurship.
- Sustainability and technology.

More suggestions??
