

IES NUM 1 UNIVERSIDAD LABORAL DE MÁLAGA

(ESPAÑA)

IES Num 1 Universidad Laboral de Málaga is one of the **biggest high schools and vocational training schools of Andalucía**. Currently it serves over 2.000 students and has 200 teachers who are allocated among the following levels: secondary school, baccalaureate, and **six different vocational trainings** lines. It has a student residence, multiple sports facilities, wonderful tropical gardens, and high-level equipment and infrastructure to offer the vocational training cycles of the different branches

The coordination of the project at the center will be carried out by **Beatriz Toscano Gil, Engineer in Agronomic Sciences**. She is coordinator of the Erasmus Department of Vocational Training and teacher of the agricultural cycle.

The branches of the Universidad Laboral who will participate in the Sustainable Salon project will be the Departments of Chemistry and Agrarian
